What Services Does an Accounting Firm Provide?

In basic terms, an accountant is someone who researches, prepares, and maintains financial records for clients, and this can include businesses and individuals.

If a client visits one of the accounting firms in Leeds named on this list, that individual will find that his/her accountant or team of accountants will make sure all financial records are entirely accurate.

They also work significantly within the area of taxation, making sure clients pay on time while saving money in any areas possible.

Accountants go through all of the financial statements of a business or individual and make sure that everything is in compliance with laws and regulations. They will calculate how much is owed in taxes, prepare returns, and look through accounting systems to ensure they're efficient and effective.

If a firm offers business advisory services, which many on this list of the top accountants in Leeds do, then its services will extend to helping businesses create strategies to improve revenue and maximise efficiency.

Accounting business advisers can make recommendations about best practices and also uncover and highlight ways clients can lower costs and raise profits in their business.

What Is a Chartered Accountant?

Many of the Leeds accountancy firms recognised in this ranking are chartered.

This means the accountants at the firm have undergone a higher level of training and education and have also been required to participate in a certain number of practical experience years.

Then, to become a chartered accountant, individuals are required to pass exams that demonstrate that they offer the highest possible level of expertise in their field.

In the UK, chartered accountants often become members of ICAEW, which is a worldwide professional organisation where members are provided with not only knowledge but also guidance.

These chartered certified accountants are also required to adhere to the highest standards, both technically and ethically.

Why Is It Beneficial to Work with a Professional Accountant?

Some individuals and businesses believe that they can manage their finances, accounting, and taxes on their own; however, in reality, it can become incredibly time-consuming, complicated, and full of opportunities for error.

Hiring a professional accountant in Leeds can have many benefits, including the following:

- Managing finances, whether it's your personal finances or the income and expenditures of a business, can be highly detailed and technical.

Even with an internal accounting team, it can be difficult to effectively

manage all of these details, and even one minor error can become a significant problem.

An accountant specialises in making sure all records are free of errors, which improves your peace of mind and reduces the likelihood of a tax-related audit.

- Hiring an accountancy firm in Leeds is a good way to save time and money ultimately.

It may seem like an investment at first, but you can save money on internal employees if you're a business and also mitigate the risk of costs associated with accounting errors.

If you're a small business owner and have been managing your accounting, you can, instead, focus your time in places that will create value.

- Accountants' services go beyond numbers.

Many people think accountants just handle numbers, but they can also provide valuable insight and advice that can help in many areas throughout a client's personal or business finances.

BHP has a team of [18 partners and 200 professionals](#) who support these partners.

Full-service offerings available from BHP include compliance, corporate finance, business advice, and tax planning, and all services are offered from the in-house team, ensuring seamless community and delivery.

Key Factors That Led Us to Rank This Firm as a Top Accounting Firm in Leeds

When considering the top accountancy firms in Leeds, the following are specific reasons BHP was included in this ranking.

Kreston International

BHP is a member of Kreston International. This worldwide network of international accounting firms includes members in 105 countries, with a total of [700 offices](#).

This membership affiliation provides BHP with access to more than 21,000 professional accountants throughout the world and their support staff.

This means BHP can offer services with an international advantage. BHP is positioned as a global resource for everything from accounting and auditing services to taxation and advisory.

Core Values

BHP maintains a long and established history as one of the leading chartered accountants in Leeds, and much of its strong reputation is due to its adherence to strong values.

These values include the following:

- **Excellence:** The accountants at BHP strive to get it right and provide superior quality work, along with integrity in all that it does.
- **Commitment:** BHP states that one of its values is a commitment to uncovering the best possible outcomes for clients, and it will rise to whatever challenge it's presented with.

- **Value:** BHP takes an approach that's about going above and beyond client expectations to add value at every level.
- **People:** There is a sense of support, trust, encouragement, and development for all the staff of BHP.

Long History

BHP is one of the chartered accountants in Leeds with the longest reputations. Barber Harrison & Platt (BHP) was first launched in 1970, but it was created as the result of a merger between three established firms.

These three firms brought a total of more than 250 years' accounting experience and expertise, with the oldest having [roots dating back to 1867](#).

Since 1970, BHP has existed and is one of the region's largest independent firms of chartered accountants.

Sector Specialisation

As part of its accounting services offered to businesses, BHP focuses on several areas of industry and sector specialisation.

This allows this firm of Leeds accountants to deliver service that's not only technically superior but that is also done from within the framework of the client's particular business requirements.

The team of BHP accountants are experts in the following fields:

- Automotive
- Charities and not for profits
- Creative, digital, and ICT
- International
- Landed estates and agriculture
- Leisure & tourism
- Healthcare
- Metals, manufacturing, and engineering
- Pensions assurance
- Professional practices
- Property and construction

A proactive and established firm of accountants in Leeds, [Brown Butler](#) has a history dating back to the early 1900s.

Currently, Brown Butler's services are primarily focused on small and medium-sized businesses, most of which are owner-managed.

Brown Butler also features several specialist areas of service, which include corporate tax and finance, in addition to its core accounting service offerings.

Brown Butler holds the distinction of being the [largest independent firm](#) of accountants in Leeds, and it continues to rise to the challenges of the modern business environment.

Key Factors That Enabled This Firm to Rank as One of the Top Accountancy Firms in Leeds

Listed below are key reasons Brown Butler was selected as one of the top accountancy firms in Leeds.

DFK International

As an independent member of DFK International, Brown Butler is part of one of the world's most prestigious international associations of accounting firms.

Brown Butler has been part of the organisation for more than 50 years, and DFK maintains members located in more than [380 offices across the world](#).

As part of this affiliation, Brown Butler has the capacity to deliver internationally-driven service to clients, with localised attention and expertise.

Brown Butler has also led the way in developing DFK at the national, European, and international levels.

Tax Support for Accountants

One of the unique areas of service offered by Brown Butler is tax support for accountants.

This area of service was developed as the UK tax code became increasingly complicated, so now there is a dedicated team of experts at Brown Butler that can help provide supportive service for accountants who need a specialised level of advice for clients.

Not every accountancy firm specialises in serving as a support specialist to existing accounts, so this is a distinctive offering that sets Brown Butler apart.

The tax support team can offer guidance on topics including capital allowances, tax investigations, R&D, and private client.

Wealth Management

Another distinctive service offering available to clients of Brown Butler is wealth management.

In addition to general tax planning and support, as well as accountancy, Brown Butler has a team of long-term planning experts with decades of experience.

The team comprises not only specialised experts, but it's also independent and skilled in a range of investment and long-term wealth management areas, including retirement and estate planning, inheritance planning, investments, lifetime cash flow and financial planning, wealth protection and life insurance, corporate pensions, and key man and shareholder protections.

All wealth management solutions are highly personalised, and clients aren't subjected to the selling of complex and expensive products.

Business Advisory Guides

In addition to service offerings, Brown Butler also features Business Advisory Guides that provide comprehensive guidance and information to businesses on a broad range of subjects.

Some of the Business Advisory Guides available from Brown Butler include:

- Capital Allowance
- Your Business Structure

Kirk Newsholme Chartered Accountants & Business Advisors Review

[Get Free Award Emblem](#) [Request PDF of Review](#) [Get A Personalized Page](#)

Kirk Newsholme Chartered Accountants & Business Advisors (KN) is a firm of independent business advisers, tax specialists, and chartered accountants in Leeds. KN is unique among accounting firms in Leeds because it offers the personalised attention of a small firm with the resources of a very large one.

There are five partners at KN, and they maintain an involved approach to all client engagements and daily operations of the firm as well as the management of the 40 staff members.

Key Factors Leading Us to Rank This Firm as a Top Accounting Firm

Below are some of the important reasons KN was selected for this ranking of the top accountancy firms in Leeds.

Approach

As mentioned above, KN is a distinctive firm of Leeds accountants because there is a combination of individualised attention and extensive resources.

Other details of the original approach undertaken by this firm of Leeds accountants include:

- All conversations are straightforward, easy to understand, and honest. Clients are not overwhelmed by technical jargon and, instead, hear what they need to know in a way that's going to make sense.
- Sensible fee levels are agreed upon in advance, so clients aren't the recipient of any surprises when it comes to costs and billing.
- KN always adheres to the deadlines it sets forth, so there are no concerns over missing dates.
- As an owner-managed business, KN has a thorough understanding of clients.
- KN has a team of experienced professionals that strive to go beyond numbers in order to create value and deliver insight.

Emerging Businesses

One of the service areas at Kirk Newsholme is called Emerging Businesses. Under this umbrella of services, KN offers advisement for small businesses, including sole traders, partnerships, and limited companies.

After participating in a free, no-obligation meeting, new small businesses can then take advantage of services which include:

- Year-end accounts
- Management accounts
- Personal tax
- Bookkeeping
- VAT returns
- Corporation tax
- Payroll
- Forecasts
- Business plans
- Company formations
- Business start-ups

- Company secretarial
- Tax planning
- Business finance
- Systems and reporting

Sage Business Partner

Sage is a commonly used accounting software for many businesses, and clients can partner with the experts at KN to maximise the full potential of the platform.

There is a dedicated team of Sage business partners at KN who have years of hands-on experience in helping clients create and download Sage reports to meet their specific requirements.

Its deep, comprehensive understanding of Sage and its application is valuable to clients, helping them save time and money.

International Businesses

As well as serving the needs of local small and medium-sized businesses, Kirk Newsholme also works with international companies.

The partners and staff of KN have experience with group reporting, including IFRS group reporting packs, and they can offer clients with global interests the level of know-how and expertise they would find at larger firms.

KN currently reports to holding companies in countries including the U.S., Denmark, and the Netherlands, and it can act for its UK clients when they have overseas interests.

Sagars Chartered Accountants and Business Advisers Review

[Get Free Award Emblem](#) [Request PDF of Review](#) [Get A Personalized Page](#)

Sagars Chartered Accountants and Business Advisers is an independent firm of chartered accountants in Leeds, serving the needs of individuals as well as small and medium-sized businesses.

Sagars' knowledgeable professional team works to remain approachable, friendly, and down to earth.

Sagars has a team of **85 staff members**, which includes six partners, making it one of the largest independent firms of its type in Yorkshire. Many of the senior leadership members at Sagars have come to the firm from Big 4 and national firms.

Key Factors That Enabled This Firm to Rank as One of the Top Accounting Firms

Represented below are some of the essential reasons Sagars was included in this ranking of the best chartered accountants in Leeds.

A Unique Approach

The key to all client engagements undertaken by Sagars is the creation of beneficial long-term relationships.

90% of new work is referred to Sagars by existing clients, professional contacts or staff members, and much of this success relies on the approach it takes.

This includes the following:

- Sagars will give clients a dedicated team member as well as a support staff team to make sure they enjoy accessibility and constant responsiveness
- Pricing and fees are determined clearly and up front, so there are no surprises
- When possible, meetings are done in person or by phone
- Forms and letters are clear, understandable, and jargon-free whenever possible
- You'll remain informed through newsletters, seminars, and e-Bulletins
- The Sagars team looks beyond technical issues to think about commercial and practical concerns as well

Online Accounting

As a modern and forward-thinking firm of accountants in Leeds, at Sagars, there is a significant focus on online accounting tools and software platforms, including Xero and Sage.

These cloud-based financial tools are an excellent way to provide clients with access to their financial information in a way that's streamlined, user-friendly, and efficient.

These software solutions save time, updates are free and automatic, and you can look at the key performance indicators you choose to view at any time.

The Sagars expert team can help clients begin using these tools or train them in ways to maximise their value.

The bookkeeping team can also help clients make the right technology solutions for their needs, transfer data between accounting packages, and more.

Sagars Tax Tools App

Sagars developed a convenient, innovative mobile app downloadable on iTunes and Google Play. The app is a simplified, centralised way to track many factors relevant to taxation.

For example, the Tax Tools app features a mileage tracker, where you can manually start logs, record the number of miles tracked, and then email or view that log.

The tax tables' features include capital allowances, car and fuel benefits, capital gains tax, corporation tax, inheritance tax, VAT, tax credits, and more. Tax calculators include corporation tax, your company car, stamp duty purchase, stamp duty lease, income tax, VAT, and salary sacrifice.

There is also a portion of the app aimed at tax savings in various areas, from becoming a limited company to second company car planning.

Seminars and Training

Clients of Sagars can take advantage of a wide variety of educational resources that will help them enrich and maximise their business and personal finances.

One way that clients can benefit from these opportunities is through seminars and training.

These in-house training opportunities can take place on-premises at Sagars, or they can partner with clients to go to their location.

Examples of these events include:

- Solicitors' accounts rules
- COFA compliance
- VAT accounting and administration
- VAT for land and property lawyers
- VAT for legal cashiers
- Customer care
- Using SAGE accounting software
- Finance for non-financial managers

Winburn Glass Norfolk (WGN) Review

[Get Free Award Emblem](#) [Request PDF of Review](#) [Get A Personalized Page](#)

Winburn Glass Norfolk (WGN) is a firm of chartered accountants in Leeds as well as being business and tax advisers.

WGN was started in 1974, when Melvyn Winburn and Colin Glass felt there was a place in the market for accountants specialising in hands-on support for businesses.

Since then, WGN has grown through client referrals and has remained committed to a set of core values and the delivery of engaged, passionate service.

Key Factors That Led Us to Rank This Firm as a Top Accounting Firm

Listed below are primary reasons WGN was included in this ranking of the top Leeds accountancy firms.

[Business Management and Consulting](#)

To look beyond basic numbers and the surface of what's happening in a business, WGN offers Business Management and Coaching services.

Working with a professional business coach from WGN can help owners uncover new insights, look for new and more innovative ways of doing things, and help to create more value.

From start-ups to established SMEs, this service area from WGN is a good way to unite larger business principles with the specifics of accounting to plan for a future defined by success.

Finance Director Services

Many businesses, particularly small and medium-sized enterprises, have the need for an experienced, expert finance director, but they don't have the budget to hire a full-time individual to fill that role.

That's where WGN comes into the equation.

One service area it specialises in is the provision of an experienced finance director to businesses in need, without the investment of a full-time employee.

Clients can pay for these services on an as-needed basis, whether that's one day a week, one day a month or whatever the case may be.

Advice to Raise Financing

One of the primary reasons businesses come to WGN for advice and services is for guidance to raise capital, whether they're launching a new business or growing an existing enterprise.

As well as doing an in-depth review of the current financial situation of a business, the staff of WGN will help clients approach raising capital in a way that's less daunting and more manageable.

This can include the recommendation of traditional methods, such as relying on banks for financing, or modern options such as the use of crowdfunding.

Tax Compliance and Planning

Taxation can be one of the most trying and complicated areas for businesses, and services offered by WGN focus on three primary areas that are most pertinent to UK businesses: corporation tax, income tax, and VAT.

The aim of all tax compliance services offered by WGN is to make sure there are no errors, that businesses are protected, and that those businesses are making the most efficient decisions regarding how much tax liability they must pay presently and into the future.

Conclusion – Top 8 Accounting Firms in Leeds, UK

As we conclude this comprehensive ranking of the top accountancy firms in Leeds and the best chartered accountants in Leeds, it's our hope that readers will feel confident as they go forward in making the important decision of who to partner with to handle their accounting and financial needs, whether it's for business or personal purposes.

Each of the Leeds accountants included in this ranking excels at not only its technical skills and service offerings but also has a long history serving clients throughout Yorkshire and, in many cases, the world.

These accountants also focus as much on personalised attention and customer service as they do on the technical aspects of accounting, ensuring that clients feel secure in becoming their long-term partners.
